15th October 2018

Dear Parents/Carers,

In order to promote reading for all children across the school, we will be holding our first Book Exchange on Friday 19th October 2018. The idea is that children bring in books that they are willing to swap with other children. This is to ensure that each child has a new book to read, exposing children to a wider range of literature, without the cost of buying new books.

Please only allow children to bring books that you are willing to exchange and that are in good condition. Once the books have been exchanged, they cannot be taken back, so please be aware of the book your child is intending to swap.

Please use the slip at the bottom to provide any information about the book that you or your child would like to share. This could be a recommendation, review or just the name of the child who is sharing the book.

We look forward to your support,

Joseph Sachs
