

Dear Parents and Carers,

*According to statistics released by the NSPCC,*

- 1 in 5 children between 8 and 11 has a social media profile
- 1 in 4 children have experienced something upsetting on a social networking site
- 1 in 3 children have been a victim of cyberbullying
- There were over 12,000 counselling sessions with young people who talked to Childline about online issues last year
- Almost 1 in 4 young people have come across racist or hate messages online.

*With statistics like this, now more than ever, we need to keep our children safe on-line. Next week, the children will take part in e-safety activities in class to mark Safer Internet Day 2019.*

*To help your children stay safe on line they should:*

- Ask permission before using the Internet
- Only use websites you have chosen together
- Only e-mail people they know and ask permission before opening an e-mail sent by someone they don't know
- Never give out any personal information about themselves, friends or family online
- Never arrange to meet someone they have 'met' on the Internet without talking to an adult first.
- Never tell someone online where they go to school
- Only use a webcam with people they know
- Tell you immediately if they see anything they are unhappy with.
- Install any software without an adults permission

*Let's stay safe online!*

*Have a restful week end*

*Bronwen Chalmers*

*Headteacher*
