

Year: 4

Term Spring 1

Date: 26/1/2018

Skills:**Times tables (10min daily):**

Please learn the multiplication and division facts for the 5 and 6 times tables.

Spellings (10min daily):

Please learn spellings 81-100-. (Please see list)

Reading (10min daily):

Please read your book for 10 minutes each day. At the back of the reading are questions that you need to answer in your homework books.

Dictionary Work:

Please read the text provided and look up the meaning of the underlined words in a dictionary and write them in your homework books.

Web-based learning (optional):**Mathletics:**

Mathletics challenges – have a go at furthering your maths skills.

Bug Club:

Continue with your online reading program.

Optional Project Homework:

This is a 4- week project: Hand in date: 8/02/18

Earn additional merits by completing this project work.

What I need to do: We will be learning about volcanoes in our Spring topic Blowing Hot and Cold. For this project, you will need to research a specific volcano and then build it using cardboard.

Week 1: Research how volcanoes are formed. Write an explanation including labelled diagrams and geographic vocabulary.

Week 2: Start to build a fact file about a real volcano. It can be anywhere in the world but be sure to include its location and other physical characteristics.

Week 3 & 4: Start to build your volcano! You can use cardboard and other materials. You could also paint the volcano to make it look more realistic. When you have finished, bring your volcano into school to show everyone!
